AL FALAH SCHOOL

Alumni felicitation ceremony of Al-Falah School Lalapet was held at Lalapet School with Prof.Khawaja Moinudin (nalanda College of engineering), Dr Musliuddin (Khatib Jamia Masjid Lalapet) and Professor Syed Jahangir as special guests. Mr. Mohammad Sarwar, Convener of the school, spoke about the establishment of the school.

He stated that: "Al-Falah School was **established in 1982** by Jund-e-Nawawan in view of the current situation and needs of the area. School was started with committee including Mr. Mohammad Abdul Hai, Mr. Sheikh Hassan, Mr. Mohammad Sarwar, Mohammad Jahangir along with help of Some local youths. The institution today stands into a three-storey building on an area of 500 yards (Alhamdulillah). . Now this institute has been merging with the old society Islamic Social Service Society of Hyderabad and has been rendering its scholarly services for the last two years with new ambitions and this year the pre-PRIMARY section has been started."

The **special guest Dr. Muslihiuddin Sahib** addressing the function said. "Wisdom is lost in obedience to the believer and these educational institutions teach wisdom and education and at this time it is imperative for the nation of Islam to devote a large part of its resources to the education and training of its young generation."

Prof.Khawaja moinuddin speaking on the occasion, addressed the teachers that along with regular academic, moral education needs to be imparted in the school.

AL FALAH SCHOOL

Other Former members of the society also spoke on the occasion and shared their experiences.

Mr. Rashaduddin Sahib (Secretary Islamic Social Service Society) Said while addressing. The nation that leads in the field of knowledge holds a position of leadership in the world. Today, our young generation needs to be made aware of its history. In middle ages the great Ottoman empire was the leader other nations used to look up to for its superiority in field of knowledge but the moment it began to draw itself away from knowledge, reasearch and upgrading its education standards it's downfall bacame eminent. Today, Europe and America have the leadership because of their scientific and research work. On the basis of which the West is leading today.

On this occasion, school teachers and Alumni were also felicitated. At the end of the meeting, Mr. Syed Ferozuddin Sahib expressed his gratitude. Mr. Mohi-ud-Din Mumtaz Sahib Joint Secretary and Mirza Azam Beg Vice President were also present on the occasion.

LEARN EASY CALLIGRAPHY:

بالعربي

www.belarabyapps.com

Life on earth is to be so organized as to lead to the good of the Hereafter. While worldly life is transient, that of the Hereafter is eternal, and reason demands that the transient should be dedicated to the welfare of the eternal. This does not imply a renunciation of worldly goods and the avoidance of earthly enjoyments. What it calls for is a balanced and harmonious realisation of all the urges of man, material and mundane, as well as moral and spiritual. The Divinely revealed way of life alone enables man to attain this balance and harmony.
